

Dear Parents,
Greetings from OPBMS!

Our students of Senior school are at the threshold of making their career development choices in accordance to their interest, ability & personality.

You will be pleased to know that OPBMS has opened a Career Counseling cell within the school premises in collaboration with Edusensei. The purpose of this initiative is to provide mentoring and guidance to ensure that each student is equipped with knowledge and skills to make conscious choices from numerous career options available after grade 12th. Through these services students can get their career counseling needs fulfilled by certified counselors. It will help students to identify their interest/strengths and connect them with the best fit programs available in India and abroad. The details of the counseling services are attached for your perusal.

You are invited to come and meet our counselors with your child to discuss their future plans and goals together. **Kindly submit your consent to attend the session through school mobile app latest by November 05, 2022 positively.**

Warm regards
